To:

The Members,  
IDA Tamilnadu State Branch.

Dear Drs,

Warm Greetings from IDA Tamilnadu State Branch

IDA Tamilnadu state branch humbly request your attention regarding an important matter.

It has come to our attention that some members, who have been suspended by the Indian Dental Association, have created parallel WhatsApp groups. These unauthorized platforms may disseminate misleading or inaccurate information which can cause confusion among our esteemed dental community.

I kindly urge all members to refrain from joining any WhatsApp groups initiated by these suspended individuals. Doing so will help us maintain the integrity of our profession and ensure that our communication channels remain credible and reliable.

As dental professional and IDA members, we have a responsibility to safeguard the interests and reputation of our association. It is essential that we prioritize official communication from recognized platforms and channels endorsed by the Indian Dental Association. Doing so will minimize the risk of misinformation or false claims which can harm our profession's reputation.

Together, let us continue to uphold the values of our association and maintain trust among our members. If you come across any parallel WhatsApp groups or misleading information, I request you to bring it to the attention of the association or appropriate authorities.

Thank you for your understanding, cooperation, and commitment to the Indian Dental Association. Together, we can strive for excellence and ensure the continued growth and progress of our dental community.

Warm regards,

Dr. K.P.Senthamarai Kannan
