Dear Drs,

This is to bring to your notice that May 31st will be observed as "No Tobacco Day". So, we request you to take note and create awareness about the ill effects of tobacco usage by taking printouts of the poster attached and display in a visible area of your clinic for the patients.

The video can be given to local TV channels for telecast and also displayed in the waiting room of your clinic.

Kindly use the audio-visuals to the maximum, to create a massive impact on tobacco awareness to the public.

We kindly request you to send the photos and records to the state office.

Thank You

With Regards,
